Great Product! Great Results!

RYDLYME Marine Boat Cleaner is a powerful, multi-purpose, multi-surface detailing cleaner. **RYDLYME Marine Boat Cleaner** is biodegradable and scientifically formulated to clean all surfaces of the entire boat, eliminating the necessity for multiple cleaners. **RYDLYME Marine Boat Cleaner** is the strongest, non-solvent based marine cleaner available on the market. It works so well and on so many contaminants, you won't want to use anything else!

Whether you are a marine professional or a recreational boater, you will be amazed at the great results of this revolutionary cleaner!

*"I just wanted to thank you for offering such a great product. Within a minute of applying **RYDLYME Marine Boat Cleaner** to some very stubborn stains, such as shoe scuff marks, a few hand prints and even some dried fish blood, I was convinced it works. My only complaint is I now have to clean the rest of the cockpit floor because it works so well and I have bright white areas where I cleaned."*

AVAILABLE IN A 24oz SPRAY BOTTLE
OR 6X1 CASE; 1 AND 5 GALLON JUGS;
LARGER SIZES ARE ALSO AVAILABLE!

Rick Myrick - RNR Marine Inc, Bradenton, FL

RYDLYME

MARINE

ALL PURPOSE BOAT CLEANER

Safe, Biodegradable, All Purpose Cleaner

DIRECTIONS FOR USE

Our proprietary water-based formula is a complex blend of penetrates and emulsifiers that vigorously lift stains from all marine surfaces. **RYDLYME Marine Boat Cleaner** is packaged in a 24oz spray bottle, which delivers the highest available output of 1.6cc per pull for an even application coverage. It is even suitable for those wearing gloves or those with large hands.

This ready-to-use, biodegradable and non-toxic formula contains no bleach or ammonia. Just spray it on, let it penetrate the deposit for 20-30 seconds and rinse off and/or wipe clean with a damp cloth. For larger or tougher jobs that may require brushes, pressure washer or other equipment, please contact the manufacturer for dilution and cleaning recommendations. Please shake bottle before use.
